Jeff will also explore Photography as ART and Printmaking.

During the 2-day workshop, Jeff will review Photoshop basics. A digital image will be brought from the camera to the computer and into Photoshop. Each student will take home their own Fine-Art print at the end of the workshop. Please bring your digital camera with memory card and photo. No Adobe Photoshop software is required for this class.

Jeff studied with Ansel Adams at age 17 and later with Brett Weston and Bernard Freemesser at the University of Oregon. In 2006, Jeff attended an Adobe Photoshop Master class in Vancouver, BC with Ben Wilmore. In addition to his other achievements, Jeff was hired in 2001 in a large digital studio in Los Angeles to make museum quality Giclee prints for artists and galleries.
